e-OPF

"Where everything is!"
WHAT IS eOPF?

Electronic Official Personnel Folder (eOPF) is a system developed as a management solution to handle official personnel files and to simplify your access to your own Official Personnel Folder (OPF). The OPF contains human resource (HR) records and documents related to Federal civilian employees. An OPF is created when an employee begins Federal service, and is maintained throughout the employee’s career in accordance with the United States Office of Personnel Management (OPM) regulations.

The eOPF solution provides electronic, web-enabled access for all employees and HR staff to view eOPF documents. All employees will be able to view their own OPF through this eOPF solution.
